## About Us

Soghat Saraye Herang officially started its activity in the field of health-oriented food production and distribution since 1996 in Bestak city, Hormozgan province in the south of Iran.

After extensive research and consultation with experts in the field of food production, the first innovative and unique products of the company under the brand name Golden Harang entered the local market in 1997 which has been met with widespread acceptance by consumers over the years with continuous reforms and improvements.

Today, Talaei Harang brand in the southern food industry is synonymous with unrivaled quality, original and unforgettable taste, creativity and variety of healthy and sugar-free products, timely delivery, consumer respect and customer orientation.

The most prominent characteristics of Golden Harang Group which we are proud of, are: innovation in the production of sweets, great importance to the health of consumers, our indescribable interest and passion for improving

products in all aspects, providing products for all kinds of tastes and budgets, And finally, the mass of our loyal customers and consumers over the years, and their constant satisfaction.

Golden Harang Factory, with a daily production capacity of more than 5 tons, is a familiar and trusted name in all the southern cities and most of the western cities of Iran, and since 2009, following a wide presence in international exhibitions, it has started exporting to the Persian Gulf countries. So that now it has gained considerable popularity in the UAE, Kuwait, Bahrain, Qatar and Oman.

Now with more than 25 years of experience and continuous activity in the food industry, Golden Harang brand is looking to enter wider national and international markets, and hopes to achieve this goal by completing its professional team and in line with the production of healthier products, more diverse and higher quality than ever, so that it can be by your side as always.
